## Round 5 of the 2024 Championship

Rounds 5 of the 2024 Championship was held on the 27th July 2024. The champion positions and points tables can also be found on the MTMBC website.

The day had good weather although it started out a bit cool. This however did not dampen the racers competitive spirit and turnout saw a few racers not being present as they were taking their annual holidays. However there were a few new racers taking part for the first time and it was good to see Edwin Sudds, Jeff Gurney and Barry Eggleton getting into the mix of things.

An inspection of the race course showed it was clear of weed thanks no doubt due to the slightly cooler weather of late.

Club500's were not raced as only two racers were present.

With the race course being clear and everyone present we made a start just after ten and had completed all the races slightly after two.

Racing as usual was very competitive and despite a few bumps along the way went off without any real issues.

Many thanks to all who helped with race control, scoring and buoy judging.

The race results for round 5 where as follows:

**CLUB500** - NO RESULT

**F600B** - 1st Tony S 26 laps/18 secs, 2nd Jeff G 26 laps/37 secs and 3rd Alan B 22 laps/32 secs.

**WACKY RACERS** - 1st Tim K 46 laps/20 secs, 2nd Dave P 45 laps/26 secs and 3rd Paul G 36 laps/16 secs.

**MONO1** - 1st Tim K 60 laps/22 secs, 2nd Dave P 56 laps/33 secs and 3rd Barry E 51 laps/10 secs.

As always there was some really good close racing.

Keep it up racers.

Paul Garson
