

# MTMBC Fast Electric News, Results and Report

## First Round of the 2023 Championship

Hello Racers

The first round of the 2023 Championship was held on Saturday 25th March 2023. The full results and current champion positions can be found at this link on the MTMBC website <https://www.mtmbs.club/copy-of-fast-electric>

For the first race of the season turnout for the Club500, F600b and Wacky Racers enabled us to run races, however we could not run the Mono1 races as there were not enough racers to take part.

The weather was fine except for a very strong wind that played havoc with the Club500 and F600B boats, however credit to the racers they took it in their stride and completed the races. Fortunately the wind had died down by the start of the afternoon session and the rest of the day went off without a hitch.

Many thanks to Tim K and Steve G who helped out with race control and scoring

A summary of the results is as follows:

**CLUB500** - 1st Leo D (15 laps/37 seconds), 2nd Wiki D (14 laps/21 seconds) and 3rd Paul G (14 laps/58 seconds).

**F600B** - 1st Paul G (24 laps/29 seconds), 2nd Leo D (24 laps/56 seconds) and 3rd John M (22 laps/22 seconds).

**WACKY RACERS** - 1st Tim K (40 laps/25 seconds), 2nd Jason W-C (27 laps/23 seconds) and 3rd Steve G (25 laps/20 seconds).

**MONO1** - No result.

Round 2 of the Championship takes place on Saturday 22nd April 2023, so see you all lakeside.

Paul Garson
